

American Cancer Society Fundraising App – available for iPhone

Finding the App in the App Store

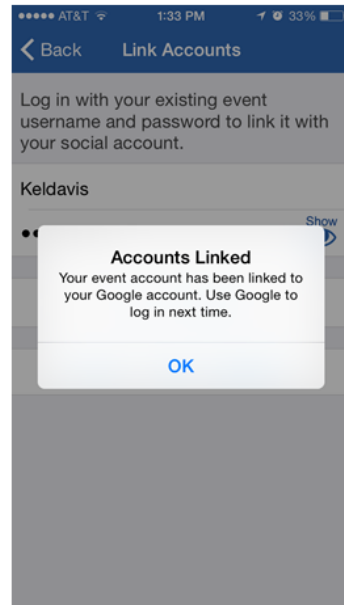

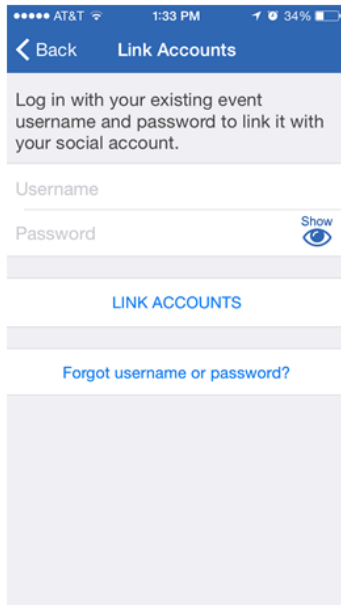

To find the app, go to the App store and search for American Cancer Society. Scroll down till you find “American Cancer Society Fundraising (official name of the App).” On the right is what the icon looks like on an iPhone.

Logging in using Society Account

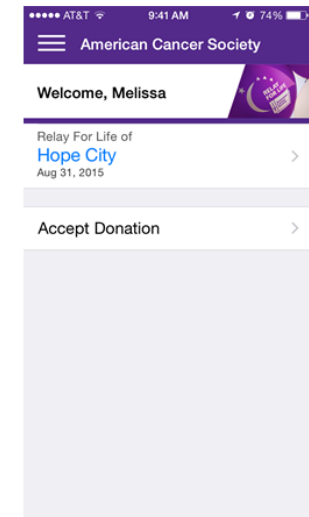

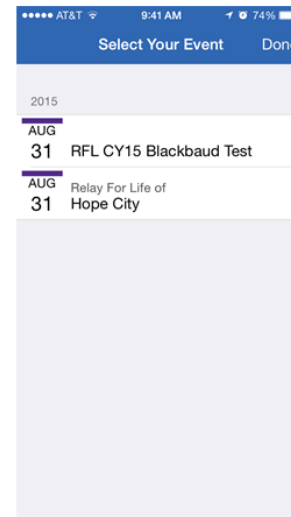

User can opt to log in with their Society Account credentials. They just enter their credentials, click on “Log in” and Society Account will log them in.

Linking your accounts

Page after login – Registered for multiple events

User will be asked to enter their event login. Once they do, they click on “Link Accounts.” Once their accounts are linked they will receive notification.

Once a user completes login (and linking their social account(s)) they will be taken to a page with a list of their events. They select the event they want to use and then are taken to the home page.

Accepting a Donation

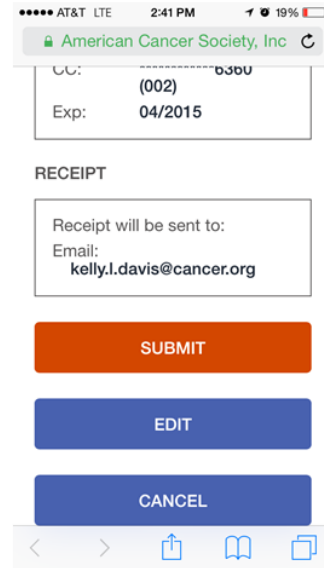

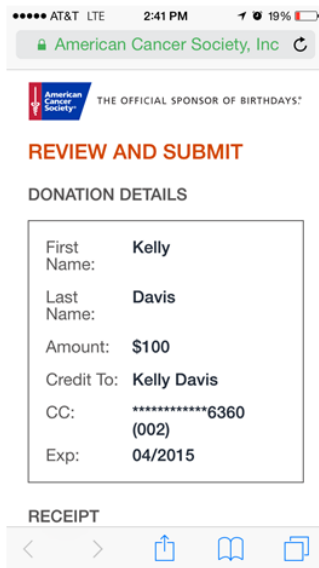

To accept a donation, click on “Accept Donation” on Home Screen and then fill out the resulting screen. Click on “Credit To” to credit to an individual, a team, or the event.

Accepting a Donation - Receipt

Users can choose to receive their receipt via email or mail. Mail is only available for donations of \$10 or more. For donations that are \$250 or more user must select a receipt option (mail or email).

Review and Submit your donation

Success – Donation Submitted

Once a user submits their donation they will have the opportunity to review and submit it or make updates by clicking on “Edit.”

Once a user completes a donation they’ll see a “Success” screen where they can add another donation for the same event or go back to the Home screen and select another event.
